Support the IETF by Sponsoring an IETF Meeting

The Internet Engineering Task Force (IETF) mission is to make the Internet work better. We produce high-quality, technical documents that influence the design, use, and management of the Internet.

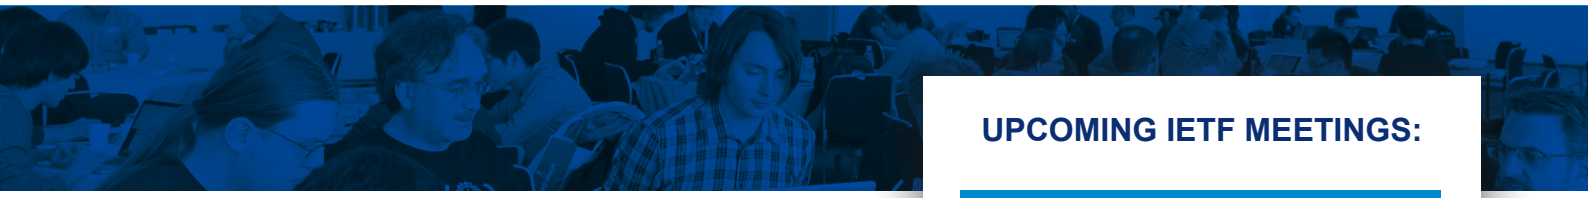

By sponsoring IETF Meetings, your company will help keep the Internet's technical foundation open supporting permissionless innovation.

Benefits of sponsoring IETF Meetings:

- Visibility for your company among 1200+ Internet thought leaders from high-profile global organizations;
- Significant networking opportunities throughout the week;
- A unique opportunity to access the people influencing the design, use and management of the Internet;
- Position your company as an Internet innovator and collaborator among top technical thinkers.

A variety of IETF meeting sponsorship opportunities are available:

Platinum Level Sponsor	US $100,000
Gold Level Sponsor	US $50,000
Silver Level Sponsor	US $25,000
Bronze Level Sponsor	US $10,000

IETF Meeting sponsors receive a wide range of benefits, including:

- Speaking opportunity and acknowledgement during the plenary sessions*
- Complimentary delegate registration passes
- Company logos displayed on IETF website
- Recognition in the IETF Journal
- Social media acknowledgement
- Company logo displayed on event signage
- Opportunity for a dedicated Thursday Technical Luncheon Speaker or Panel

**Platinum sponsors only: Not a sales pitch - more of a welcome!*

Alternative sponsorship opportunities include:

Ice cream social, beverage & snack breaks, IETF code sprint, lanyards, T-shirts, welcome reception, bottled water, breakfasts and bits-n-bites expo.

All of the above sponsorships are available as multi event support options, which will reduce your company's event spend, while receiving sustainable visibility as a supporter of the IETF.
